## II. INTRODUCTION

### A. RISK FACTORS

These risk factors may be peculiar to the Mutual Fund as well as that attendant with specific policies and objectives of the Scheme.

#### 1. Standard Risk Factors

- a) Mutual Funds and securities investments are subject to market risks such as trading volumes, settlement risk, liquidity risk and default risk including the possible loss of principal and there is no assurance or guarantee that the objectives of the Scheme will be achieved.
- b) As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down.
- c) Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- d) Baroda Money Market Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- e) The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond its initial contribution of Rs.10 lakh towards the setting up of the Mutual Fund and such other accretions and additions to the corpus.
- f) The present Scheme is not a guaranteed or an assured return scheme.

#### 2. Scheme Specific Risk Factors

##### i. Risks associated with investing in debt and/or money market securities

Investment in debt and money market securities is subject to price, credit, and interest rate risks.

The NAVs of the Scheme may be affected, *inter alia*, by changes in market conditions, interest rates, trading volumes, settlement periods and transfer procedures.

Investing in debt and money market securities is subject to the risk of an issuer's inability to meet principal and interest payment obligations (credit risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity (market risk). The timing of transactions in debt obligations, which will often depend on the timing of the purchases and redemptions in the Scheme, may result in capital appreciation or depreciation, because the value of debt obligations generally varies inversely with the prevailing interest rates.

- **Interest Rate Risk:** As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.
- **Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.
- **Credit Risk:** Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e. will be unable to make timely principal and interest payments on the security). Because of this risk, corporate debentures are sold at a yield above those offered on Government Securities, which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.
- **Re-investment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Settlement Risk:** The inability of the Scheme to make intended securities purchases due to settlement

problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme's portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in the Scheme's portfolio.

- **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.

**i. Risks associated with investment in unlisted securities**

Except for any security of an associate or group company, the Scheme can invest in securities which are not listed on a stock exchange ("unlisted securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Scheme will realise its investments in unlisted securities at a fair value

**ii. Risks associated with transaction in Units through Stock Exchange Mechanism:**

Allotment and/or redemption of Units through NSE or BSE or any other recognized stock exchange on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing, settlement, etc., upon which the Scheme has no control. Moreover, transactions conducted through the stock exchange mechanism will be governed by the operating guidelines and directives issued by the relevant recognized stock exchange.

**iii. Risks associated with investing in unrated securities :**

Investing in unrated securities is riskier compared to investing in rated instruments due to non-availability of third party assessment on the repaying capability of the issuer. In addition, unrated securities are more likely to react to general developments affecting the market than rated securities, which react primarily to movements in the general level of interest rates. Unrated securities also tend to be more sensitive to economic conditions than higher rated securities

**Risk Control/ Mitigation Strategies**

Investment in debt and money market securities carries various risks such as inability to sell securities, trading volumes and settlement periods, interest rate risk, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification.

In order to mitigate the various risks, the portfolio of the Scheme will be constructed in accordance with the investment restriction specified under the Regulations, which would help in mitigating certain risks relating to investments in securities market. Investments made by the Scheme will be in accordance with its investment objectives and provisions of the Regulations. Since investing requires disciplined risk management, the AMC will incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, while taking care not to dilute returns in the process. The AMC believes that this diversification will help achieve the desired level of consistency in returns. The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, the investment team of the AMC will carry out rigorous in-depth analysis of the securities proposed to be invested in.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks will be completely eliminated.

Further, the AMC has necessary framework in place for risk mitigation at an enterprise level. There is a Board level Committee, the Risk & Compliance Committee, which focuses on risk factors and methods and strategies for risk mitigation or migration.

The Scheme will aim to minimize risks associated with investment in money market instruments, which involve Interest Rate Risk, Credit Risk, Liquidity Risk and Volatility Risk, among other risks, by investing predominantly in rated papers of companies having a sound background, strong fundamentals and quality of management and financial strength. In addition, the Scheme will endeavor to invest in instruments with a relatively higher liquidity, and will actively trade on duration depending on the interest rate scenario. The following table summarizes the risk mitigation/management strategy for the Scheme:

<b>Risk &amp; description specific to Money Market Securities</b>	<b>Risk Mitigation/ management strategy</b>
Interest Rate Risk	The average maturity of period of a portfolio is one of the means of measuring the interest rate risk of the portfolio. Higher the average maturity period, the fund stands exposed to a higher degree of interest

<b>Risk &amp; description specific to Money Market Securities</b>	<b>Risk Mitigation/ management strategy</b>
	risk.  The Scheme will invest only in money market instruments having maturity upto one year in accordance with its investment objectives and provisions of the Regulations.
Credit Risk	The Scheme will invest in rated/unrated papers of well managed companies, with above average growth prospects, whose securities can be purchased at a good yield.
Liquidity Risk	The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. Liquidity Risk can be partly mitigated by diversification, staggering of maturities as well as internal risk controls that lean towards purchase of liquid securities.
Volatility Risk	There is the risk of volatility in markets due to external factors like liquidity flows, changes in the business environment, economic policy etc. The Scheme will manage volatility risk through diversification. To that extent, the volatility risk will be mitigated in the Scheme.
Concentration Risk	Concentrated investment in single security or single issuer - Internal guidelines are in place for maximum exposure to a single issuer and also concentration limits on account of large holdings to avoid undue concentration in portfolio.
Event Risk	Price risk due to company or sector specific event - The endeavor is to invest in securities of issuers, which have high balance sheet strength in the investment horizon to eliminate single company risk.
Risk of investing in unrated debt instruments	Investment will be made only in unrated debt instruments of rated companies.

## **B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME**

The Scheme shall have a minimum of 20 investors each and no single investor shall account for more than 25% of the corpus of the Scheme. These conditions shall be complied with in each calendar quarter, on an average basis, as specified by SEBI. In case the Scheme does not fulfill the condition of minimum number of investors in a calendar quarter, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations shall become automatically applicable, and accordingly, the Scheme shall be wound up and the Units would be redeemed at applicable NAV. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Scheme shall adhere to the requirements prescribed by SEBI from time to time in this regard.

## **C. SPECIAL CONSIDERATION**

The Mutual Fund is not assuring or guaranteeing that it will be able to make regular periodical distributions/distribute bonus units to its Unit holders though it has every intention to manage the portfolio so as to make periodical income/bonus distributions to Unit holders. Periodical distributions will be dependent on the returns achieved by the Asset Management Company through the active management of the portfolio. Periodical distributions may therefore vary from period to period, based on investment results of the portfolio.

**Right to Limit Redemption:** In terms of SEBI circular SEBI/HO/IMD/DF2/CIR/P/2016/57 dated May 31, 2016, the repurchase/redemption (including switch-out) of units of the Scheme may be restricted under any of the following circumstances:

- (i) **Liquidity issues** – When the market at large becomes illiquid affecting almost all securities rather than any issuer specific security;
- (ii) **Market failures, exchange closures** - When markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.

(iii) **Operational issues** - When exceptional circumstances are caused by *force majeure*, unpredictable operational problems and technical failures (e.g. a black out).

- Further, the aforesaid restriction may be imposed for a specified period of time not exceeding 10 working days in any 90 days period.
- Any imposition of the above restriction would be specifically approved by the Board of Directors of the AMC and Trustee and the same would be informed to SEBI immediately.
- When restriction on redemption is imposed, the following procedure shall be applied:
  - (i) No redemption requests upto Rs. 2 lakh shall be subject to such restriction.
  - (ii) Where redemption requests are above Rs. 2 lakh, the AMC shall redeem the first Rs. 2 lakh without such restriction and remaining part over and above Rs. 2 lakh shall be subject to such restriction.

### **Foreign Account Tax Compliance Act (“FATCA”) and Common Reporting Standard (“CRS”)**

India and United States (“U.S.”) have signed an agreement on July 9, 2015 on the terms of an Inter-Governmental Agreement (“IGA”) to implement Foreign Accounts Tax Compliance Act (“FATCA”). Further, the Organization of Economic Development (“OECD”) along with G-20 countries has released a ‘Standard for Automatic Exchange of Financial Account Information in Tax Matters’ commonly known as Common Reporting Standard (‘CRS’). India is amongst the first signatories to the Multilateral Competent Authority Agreement (“MCAA”) for the purposes of CRS.

The AMC/Mutual Fund is classified as “Foreign Financial Institution” under the FATCA provisions. The intention of FATCA is that the details of U.S. investors holding assets outside the U.S. will be reported by financial institutions to the United States Internal Revenue Service (IRS), as a safeguard against U.S. tax evasion. As a result of FATCA, and to discourage non-U.S. financial institutions from staying outside this regime, financial institutions that do not enter and comply with the regime will be subject to a 30% withholding tax with respect to certain U.S. source income.

Under the FATCA regime, this withholding tax applies to payments that constitute interest, dividends and other types of income from the US sources. The AMC/Mutual Fund would be required to collect relevant information(s) from the investors towards FATCA / CRS compliance and report information on the holdings or investment to the relevant authorities as per the stipulated timelines.

The FATCA requirements are effective from July 1, 2014. Investors can get more details on FATCA requirements at <http://www.irs.gov/Business/Corporations/Foreign-Account-Tax-Compliance-Act-FATCA>

### **Ultimate Beneficial Ownership (applicable to non-individual Unit Holders)**

Non-individual Unit Holders are required to provide the beneficial ownership details at the time of application to subscribe to units of the Scheme during the NFO failing which their applications shall be liable to be rejected.

Applicants are required to refer to the information on FATCA/CRS/UBO form for further information. Signing up of declaration or filling up of indicia, as applicable, is mandatory, in the absence of which, the applications are liable to be rejected.

### **Central KYC requirements**

Pursuant to SEBI circular nos. CIR/MIRSD/ 66 /2016 dated July 21, 2016 and CIR/MIRSD/120 /2016 dated November 10, 2016 and AMFI Best Practices Guidelines Circular No. 68 / 2016 - 17 dated December 22, 2016, pertaining to implementation of Central Know Your Client (“CKYC”), the following changes have been implemented effective from February 1, 2017 :

- In case, PAN of an investor is not updated in Central KYC Records Registry (“CKYCR”) system, the investor shall be required to submit a self-certified copy of his/her PAN card at the time of investment.
- Investors may obtain the new CKYC and Supplementary CKYC forms from our website ([www.barodamf.com](http://www.barodamf.com)).

If, after due diligence, the AMC believes that any transaction is suspicious in nature with respect to money laundering, the AMC shall report such suspicious transactions to competent authorities under PMLA and rules/guidelines issued thereunder, furnish any such information in connection with such terms, to the said competent authorities and take any other actions as may be required for the purposes of fulfilling its obligations under PMLA and rules/guidelines issued thereunder, without obtaining the prior consent of the investor/ concerned Unit holder/any other person.

- **Investors in the Scheme are not being offered any guaranteed returns.**
- **Investors are advised to consult their legal/tax and other professional advisors in regard to tax/legal implications relating to their investments in the Scheme and before making a decision to invest in the Scheme or redeeming their Units in the Scheme.**

#### C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the broad investment pattern will be as under :

Instruments	Indicative Allocation (% of total assets)		Risk Profile

The Scheme will not have any exposure to debt derivatives, securitized debt, REITs and INVITs and foreign securities.

The Scheme will invest in instruments of varying ratings including unrated securities.

In addition to the instruments stated in the above table, the Scheme may enter into reverse repos in government securities as may be permitted by SEBI and RBI. The Scheme will not invest in repos in corporate debt. A part of the net assets may be invested in Triparty Repo or in an alternative investment as may be provided by RBI to meet the liquidity requirements.

Pending deployment of the funds in securities as per the investment objectives of the Scheme, the Fund may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI vide its circular dated April 16, 2007 and as may be amended from time to time.

The Scheme may purchase securities either in the primary market or those traded in the secondary markets. On occasions, if deemed appropriate, the Scheme may invest in securities sold directly by the issuer, or acquired in a negotiated transaction or issued by way of private placement. #### Sector Exposure Restriction

The AMC shall ensure that the total exposure of the Scheme in a particular sector (excluding investments in Bank CDs, Triparty Repo , G-Secs, T-Bills, short term deposits of scheduled commercial banks and AAA rated securities issued by Public Financial Institutions and Public Sector Banks) does not exceed 20% of the net assets of the Scheme. Also, an additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the Scheme will be allowed by way of increase in exposure to HFCs only, subject to the condition that such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB). Further, an additional exposure of 5% of the net assets of the scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio. However, the total investment in HFCs cannot exceed 20% of the net assets of the Scheme.

Subject to the Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute, and that they can vary, depending upon the perception of the Investment Manager; the intention being at all times to seek to protect the interests of the Unit holders.

Such changes in the investment pattern will be for a short term and for defensive considerations only. In the event of such a deviation, the fund manager will rebalance the portfolio within 30 days from the date of deviation. If, however, the portfolio is not rebalanced within the said 30 days, justification for not rebalancing will be placed before the

Investment Committee of the AMC and effective steps would be taken as may be decided by the Investment Committee. At all points of time, the portfolio will be in line with the investment objective of the Scheme.

Investors may please note that any change in the asset allocation pattern, other than that envisaged above, and hence affecting the investment profile of the Scheme, shall be construed as a change in fundamental attribute, and shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the SEBI Regulations.

#### D. COMPUTATION OF NAV

The NAVs of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time. The NAVs of the Scheme shall be rounded off up to four decimals.

NAV of units under the Scheme shall be calculated as shown below:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments} + \text{Current Assets} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under Scheme on the valuation day}}$$

The NAVs of the Scheme will be calculated and declared on each Business Day. The valuation of the Scheme's NAV shall be subject to audit on an annual basis and such regulations/guidelines as may be prescribed by SEBI from time to time.

The AMC will calculate and disclose the first NAVs of the Scheme within a period of 5 Business Days from the date of allotment. Subsequently, the NAVs will be calculated and disclosed on all the Business Days.

In case of any delay, the reasons for such delay will be explained to AMFI and, if so mandated, SEBI, by the next day. Following inquiry/adjudication proceedings are in progress:

- a) The Bank was one of the bankers to the public issue of shares of Jaltarang Motels Limited ("Jaltarang") in December 1995. SEBI, by its order dated January 19, 2000 directed the Bank to refund the sum of Rs. 4,031,018/- being the application money for the shares released by the Bank to the Jaltarang with interest at 15% from March 25, 1996 i.e. the day the Bank allowed withdrawal of the funds by Jaltarang in respect of funds collected from the public issue. The Bank preferred an appeal before the Securities Appellate Tribunal and the Tribunal, by order dated July 27, 2000, rejected the appeal. The Bank has filed an appeal (Appeal No.2 of 2000) before the High Court, Mumbai against the said order of the Tribunal. The High Court, Mumbai, on November 13, 2000, granted interim relief of stay of the operation of the orders dated July 27, 2000 of the Securities Appellate Tribunal and January 19, 2000 of SEBI and has further applied for the matter be placed on the board for final hearing. The matter is still pending.
- b) The merchant banking division of the Bank was the pre-issue lead manager for the public issue of shares of Trident Steels Limited ("Trident") in November 1993. SEBI issued a show cause notice dated April 29, 2004 calling upon the merchant banking division of the Bank to show cause why action should not be taken against it for failing in its duty to exercise due diligence in the abovementioned public issue. SEBI alleged that the merchant banking division of the Bank did not disclose the material fact that 750,000 shares out of the pre issue capital of Trident had been pledged by the directors and holders of those shares to the Industrial Finance Branch of the Bank towards enhancement of various credit facilities extended by the Bank to Trident. In October 1989, the directors and holders of those shares had given an undertaking that as long as the dues of Trident to the Bank are not paid in full, they will not transfer, deal with or dispose of equity or preference shares held by them in the company or any shares that might be acquired in future, without prior written consent of the Bank. BOB Capital Markets Ltd., in its reply to the show cause notice, has submitted that it was the obligation of Trident to give true disclosures and that any punitive action will lie solely against Trident, its promoters and directors. The matter is still pending.
- c) The Bank had acted as lead managers to the public issue of Kraft Industries Limited ("Kraft") in May 1995. It is alleged that the Managing Director and Promoter of Kraft did not possess the qualifications as mentioned in the prospectus. SEBI has asked for qualification certificates/copies from the Bank. The Managing Director of

Kraft has reported of having lost the certificates in transit. The Bank has replied accordingly to SEBI. Inquiry is still pending.

- d) M.S. Shoes East Limited (MS Shoes) came out with a public issue of 17,584,800 zero interest unsecured fully convertible debentures at Rs. 199 each aggregating Rs. 3,499,375,000/- in February 1995. The Bank was one of the lead managers to the issue with responsibility for post-issue management and had underwritten the issue up to Rs. 150,000,000/-. After the closure of the issue, MS Shoes complained to the underwriters that some of the cheques accompanying the application for subscription were returned unpaid resulting in the collected amount falling short of the minimum subscription amount. Therefore, MS Shoes called upon the underwriters to discharge their underwriting liability to the extent of proportionate devolution and raised a claim on the Bank for Rs. 116,665,043/- towards devolution of underwriting liability. The Bank declined the liability on the ground that since the issue was declared oversubscribed by the Registrars to the issue, no liability can devolve on the Bank under its underwriting commitment. SEBI had issued an enquiry notice dated July 20, 1995 to the Bank, but closed the matter, vide letter dated June 17, 1996, without imposing any penalty on the Bank.

Pursuant to a complaint filed on behalf of MS Shoes, FIR No. 415 of 2000 dated October 1, 2000 was registered by Vikaspuri Police Station Delhi under sections 406 and 420 of the Indian Penal Code against BOB Capital Markets Limited, the Bank, its principal officers including the then CMD, and others, alleging cheating and breach of trust. In the complaint, it has been submitted that the accused fraudulently and illegally induced MS Shoes to bring cheques from its associates and acquaintances so as to close the issue within four days, thereby representing to the public that the issue had been subscribed in full within the first four days. On this basis, the issue was represented to have been more than 90% subscribed and was closed by the accused. It is further submitted that the subscription having fallen down to about 40% within 30 days of the closure of the public issue, the underwriters were called to subscribe for the same in proportion, but many of the underwriters including the Bank did not obtain subscription as per the agreed underwriting amount. The High Court, New Delhi, by order dated December 11, 2000 in Criminal Writ No. 1221 of 2000 and Criminal Writ No. 1219 of 2000, ordered transfer of FIR No. 415 of 2000 to the Central Bureau of Investigation (CBI) and the same has been registered with the CBI, New Delhi as Crime No. RC.SIA-2001-E-0002 dated March 9, 2001. Investigation by the CBI is still pending.
